

A woman with dark hair styled up, wearing a peach-colored, draped, one-shoulder gown, stands in a studio. She is positioned behind a large, white, oval-shaped bathtub. Her right hand rests on her hip, and her left hand touches the handle of a gold-colored faucet. The background features a large, multi-paned window with white frames. To the left, a studio light on a stand is visible. The floor is tiled with a pattern of light and dark squares.

apaiser

DESIGNER AND MAKER OF
LUXURY APAISERMARBLE BATHWARE

“

apaiser was conceived to realise my vision of providing us all with a sanctuary in our home, where we could revitalise and refresh! To deliver my dream, I created our unique reclaimed apaiser MARBLE® to dress the bathroom in the uncomplicated joys of nature.

20 years later, I am proud that our unique offering is featured in the most beautiful private homes, hotels and resorts globally, and specified by the most amazing and talented designers and clients all over the world.

BELINDA TRY
Founder & President

”

Maison APAISER

THE HOME OF BATH COUTURE

Recognised as one of the world's leading luxury bathware designers and manufacturers, apaiser is an Australian creator of bespoke bathware, designed to enhance world class hotels and premium residential bathrooms across the globe.

Since our founder, Belinda Try, set out to transform the bathroom from a functional space to a personal sanctuary over 20 years ago, apaiser has not only given the industry a unique environmentally sensitive material, but has also challenged the status quo in its approach to bathware design.

All apaiser pieces are superbly handcrafted from apaiserMARBLE® - a luxurious blend of reclaimed marble, enriched with minerals sourced from the rich soils of the Australian Barossa Region.

As a proud Australian brand, our desire to preserve the world and commitment to environmentally sensitive production, has been a core part of apaiser's brand DNA since its inception and will remain at the centre of our production values.

'GRAPHITE'

Our APPROACH

Our unique approach offers designers and discerning clients a platform for defining their own experience. From the complete bespoke design service - Bath Couture, tailoring apaiser products with Made to Measure, or choosing the perfect piece of functional bathroom art from the curated collections, apaiser works with clients and projects to suit their specific needs.

The collections feature baths and basins, as well as a range of accessories in a comprehensive range of standard apaiserMARBLE colour finishes. Developed by our experienced team, the collections showcase original pieces conceived by the apaiser design studio, as well as collaborations with renowned international designers.

Residence in Melbourne, Australia

Revolutionary MATERIAL

apaiser products are handcrafted from apaiserMARBLE®, a luxurious blend of reclaimed marble, enriched with minerals sourced from the rich soils of the Australian Barossa region.

Born of the elements, distilled by nature, strengthened by man, and inspired by design, apaiserMARBLE is a luxurious high performing material, conceived after years of research and development.

CUSTOM VANITY
'DIAMOND WHITE'
Residences in Melbourne, Australia

SUPERB MATERIAL PERFECT FOR RESIDENTIAL AND COMMERCIAL APPLICATIONS

Our superior material is lighter than natural stone, retains the sensual touch and luxurious feel of marble and delivers superior strength, performance, and stain resistance. Shaped by hand with absolute perfection by our master craftsmen, a paiserMARBLE exemplifies the best of modern technology, melded with meticulous artisan craftsmanship.

HIGH PERFORMING

Non-porous, scratch and stain resistant, our material is non yellowing, will not fade, and is mould and bacteria resistant.

MADE BY PEOPLE

Our hand finishing process gives our pieces a superior and luxurious touch and feel, and the ability to replicate the finishing process very simply if ever required.

EXCEPTIONAL THERMAL PROPERTIES

Our unique pieces are warm to the touch and have excellent heat retention.

NATURAL SLIP-RESISTANCE

Australian minerals combined with our artisan hand finishing process create products which are naturally slip resistant and inherently safe.

REPAIRABLE

Our material is easy to maintain and repairable in situ in the unlikely event of external damage.

SAFE AND NATURAL

Our bathware contains minimal man-made ingredients, is non-toxic and free from silica, ATH and VOC's so our clients can enjoy a natural, sustainable and guilt-free soak.

Sustainable LUXURY

At apaiser we believe we have a responsibility to design products that are sustainable, ethical and durable. As a proud Australian brand, our desire to preserve our beautiful country and the world around us, inspired us to create the original reclaimed marble bathware. Our commitment to responsibly sourced raw materials and environmentally sensitive production processes has been central to our brand DNA for over 20 years.

NATURAL AND ETHICALLY SOURCED RAW MATERIALS

All apaiser pieces are handcrafted from apaiserMARBLE® - a luxurious blend of up to 90% repurposed marble, combined with stone and minerals sourced from the rich soils of the Australian Barossa Region. Sourced locally and close to our atelier, we aim to minimise our transport emissions.

RESPONSIBLE PRODUCTION

We manufacture our products in world class apaiser-owned ateliers in Southeast Asia, which meet the most fastidious standards and quality checks. Our ateliers are ISO 1400 compliant and have been designed with specialised air filtration systems, as well as internal water and waste management plans in place. During our finishing process we use recycled water to limit our consumption and little mechanisation to reduce greenhouse gas emissions.

SAFE WORKING ENVIRONMENT

We set high standards of conduct to ensure compliance socially and provide a safe working environment for our master craftsmen and adhere strictly to local laws. This is achieved by sourcing products and suppliers that are reflective of our own policies and obeying an internal labour code of conduct to promote a healthy, fair, inclusive and ethical working environment. We believe these considerations are the vehicle for building and instilling responsible behaviours within the company. Additionally, our pieces are wet sanded in air circulated rooms and our material contains no added silica filler or aluminum trihydrate, reducing the risk to our employees of developing airborne dust related diseases such as silicosis.

DESIGNED TO LAST

We craft bathware of the highest quality which is durable and long lasting. Our pieces are UPC certified (CSA B45.5-17/IAPMO Z124-2017) under IAPMO standards and LEED compliant.

DEFINE YOUR *apaiser experience*

We believe that good design is a journey that should be tailored to the individual. With apaiser, the home of bath couture – you define your perfect bathroom experience. Select from our three levels of design – collections, made to measure and bath couture.

“Expression knows no boundaries.”

COLLECTIONS

Choose from our beautiful collections, curated for you, and ready to dress your perfect bathroom. Showcasing designs by the apaiser studio, as well as collaborations by renowned international designers, you may choose the complete collection, or combine pieces to create your own – then simply select a colour from our apaiser palette and finish with a piece from the accessories range.

MADE TO MEASURE

Bathware tailored for you, inspired by our stunning Collections. Personalise your apaiser piece to suit your space, perfect in both form and function. You will work closely with our dedicated design team and engineers to ensure a perfect fit. Our master craftsmen will then expertly tailor your bathware and bring your vision to life.

BATH COUTURE

The haute couture of bathware, giving you the freedom to create exquisite, individualised bathware, in partnership with our apaiser designers and master craftsmen. Your bespoke masterpiece is crafted by hand from start to finish using the finest material, apaiserMARBLE, by the most experienced and capable master craftsmen, with fastidious attention to detail.

THE *Collections*

We proudly create custom works of functional bathroom art, designed and handcrafted with skill and care, and inspired by culture, individualism, architecture, art and nature. apaiser baths have been designed by our studio, as well as collaborations with renowned international designers, to suit any space and style of bathroom. Available in a range of designs, sizes, shapes and colour finishes, each piece is a showcase of apaiser's signature tailoring.

Known as the home of bath couture, we work collaboratively with some of the world's best interior designers and architects to create unique, custom designed pieces, exclusively for their projects. We are the experts in designing beautiful and functional bathware and tailoring solutions to perfectly suit our clients' needs and desires.

A black speckled ceramic basin is the central focus, resting on a thick, rustic wooden vanity. A modern chrome faucet with a curved spout is mounted on the wall behind the basin. Two glass vases containing eucalyptus branches are placed on the vanity. The background features a dark wood wall and a glass partition reflecting the scene. Two cylindrical pendant lights with a perforated metal texture are visible at the top.

A large, white, freestanding bathtub is the central focus, positioned in a modern bathroom. The tub is set on a dark grey floor and is partially covered by a light-colored towel. To the left, a window with sheer curtains allows natural light to filter in. To the right, a dark wooden vanity with a gold faucet is visible. The background features a large window with a view of a lush, green landscape under a blue sky with light clouds. The overall aesthetic is clean, minimalist, and luxurious.
